2 / AUDIT 8 PUBLIC SOURCES

Ask the site owner to check page access, security blocks and whether machine-readable page code matches visible facts.

Use the detailed fields below as a technical handoff. These checks do not guarantee indexing, ranking or citation.

A reachable page can still be left out of an AI answer. A test result is a dated sample, not a ranking guarantee.

Open every cited page before marking an answer accurate. Results can change by system, context and run.
