

Live signal verification checklist

Separate the live public signal from the claim that still needs proof.

BEFORE YOU USE THE SIGNAL

EXACT CLAIM OR TREND

WHERE FOUND + TIMESTAMP

ORIGINAL POST, ACCOUNT OR THREAD

CHOOSE 1 LABEL

☐ Fact

☐ First-hand report

☐ Opinion

☐ Prediction

☐ Joke

☐ Promotion

☐ Unknown

SHIFT & LEAD EXAMPLE

Before a new AI announcement enters a guide, collect 5 repeated questions, 3 first-hand sources and the exact posts. Open the official announcement and use that primary source in the guide research.

1

Open the original

Open the original post, account and full thread before you judge the claim.

☐ Original post opened.

☐ Account checked.

☐ Full thread opened.

EARLIEST AVAILABLE SOURCE

WHAT LATER POSTS CHANGED

2

Find stronger proof

Find an independent primary source. Search for evidence that could prove the claim false.

INDEPENDENT PRIMARY SOURCE OUTSIDE THE REPOST CHAIN

WHAT WOULD PROVE IT FALSE + WHAT YOU FOUND

3

Decide what you can say

Separate what the evidence proves from its limits. Use the narrowest supported statement.

WHAT THE EVIDENCE PROVES

LIMITS OR MISSING PROOF

NARROWEST STATEMENT, OR DO NOT USE IT

4 / PROOF GATE BEFORE THE CLAIM TRAVELS FURTHER

Use the claim only when you can open the original evidence, explain its limits and stay inside what the evidence proves.

☐ Original evidence opens.

☐ Limits are explained.

☐ Statement does not exceed the proof.
