

Your 1st 7 days with AI

Learn with 1 low-risk task, evidence, correction and a clear human decision.

Shift & Lead

THE AI AUTOMATION QUEEN

shiftandlead.com/guides/ai-essentials.html

Start with 1 task you can check

Keep private data out. Save each result. Change the brief from evidence, not guesswork.

USE THESE 3 GUIDESshiftandlead.com/guides/what-is-ai.htmlshiftandlead.com/guides/ai-jargon-guide.htmlshiftandlead.com/guides/what-is-a-prompt.html**DAY 1**

Choose 1 low-risk task

Choose work you understand and can check. Write the finish line before using AI.

TASK**DONE MEANS****DAY 2**

Sort the task before choosing AI

Use the AI-or-automation task sorter. Choose AI, automation, both or human-first.

SORTER DECISION**WHY THIS ROUTE FITS****DAY 3**

Prepare information you can use

Gather the facts and examples the task needs. Remove private data before sharing anything.

INFORMATION I CAN USE**PRIVATE DATA REMOVED****DAY 4**

Make a first attempt

Run the task once. Save what AI produced and record the first clear failure or weakness.

WHAT AI PRODUCED**FAILURE OR WEAKNESS**

Your 1st 7 days with AI

Learn with 1 low-risk task, evidence, correction and a clear human decision.

DAY 5

Build the prompt brief and rerun

Add the job, information you can use, rules, output and quality bar. Rerun the same task.

WHAT CHANGED IN THE BRIEF

RERUN RESULT

DAY 6

Check the result

Check evidence before judging style. Keep the final decision with a person.

- ☐ Facts checked
- ☐ Source use checked
- ☐ Missing information checked
- ☐ Tone checked
- ☐ Human decisions named

DECISION OR CORRECTION

DAY 7

Repeat and decide

Use a new example. Compare the result, then choose Keep, Change or Stop.

NEW EXAMPLE

WHAT CHANGED IN THE RESULT

- ☐ Keep
- ☐ Change
- ☐ Stop

Practice log

Use this after Day 7 for each new task. Keep the evidence beside the decision.
